Corrected version

Restated document with fixes applied. Each change tagged **[CORRECTED: was X → now Y]** .
 Each item you can't supply tagged **[NEEDS INPUT: ...]** .

Final verdict

- ☐ ☒ **PASS** — clear to tender
- ☐ ☒ **HOLD FOR CORRECTION** — fix the items above, then re-audit
- ☐ ☒ **REJECT — DO NOT TENDER**

Reason (one line):

Research/operations support, not legal advice or a certifying signature. A qualified person signs the actual document before tender.
