

Forms Index

Purpose: Central pointer to the form reference documents added throughout the repo on 2026-07-05. Each reference file summarizes required fields/checklist items and links to the official downloadable source — actual proprietary/government PDFs are not mirrored here directly (see individual files for the copyright/network-access note).

Air Cargo / Templates

- `templates/01-awb/awb-reference-template.md` — Air Waybill field reference
- `templates/02-shipper-declaration/shippers-declaration-reference.md` — Shipper's Declaration for Dangerous Goods field reference
- `templates/03-commercial-invoice/commercial-invoice-reference.md` — Commercial Invoice field reference
- `templates/04-packing-list/packing-list-reference.md` — Packing List field reference
- `templates/07-bill-of-lading/bill-of-lading-reference.md` — Ocean Bill of Lading field reference (IMDG for sea DG)

Pharma

- `pharma/01-gdp-gmp/gdp-gmp-records-reference.md` — GDP/GMP shipping-record review reference
- `pharma/02-certificate-of-analysis/certificate-of-analysis-reference.md` — Certificate of Analysis review reference
- `pharma/03-biological-substances/biological-substances-reference.md` — Blood / infectious substances (UN2814 / UN2900 / UN3373)

Compliance Auditor (agentic document review)

- `compliance-auditor/README.md` — how the photo-in → audit-out workflow works
- `compliance-auditor/AUDIT-ENGINE-PROMPT.md` — the auditor system prompt (the brain)
- `compliance-auditor/standards-of-precedence.md` — which standard wins when rules conflict
- `compliance-auditor/audit-report-template.md` — flagged report + corrected version output shape
- `compliance-auditor/n8n-workflow-setup.md` — self-hosted n8n webhook version

Dangerous Goods

- `dgr/03-shipper-declarations/completed-example-reference.md` — walkthrough of a filled-out DGD example
- `dgr/05-checklists/dg-checklist-non-radioactive-reference.md` — IATA non-radioactive DG checklist

Cold Chain

- `cold-chain/02-temperature-control/temperature-log-template.md` — ready-to-use temperature log template

- `cold-chain/03-dry-ice/dry-ice-un1845-documentation-reference.md` — UN1845 dry ice labeling/documentation requirements

Customs

- `customs/05-import-export/cbp-entry-forms-reference.md` — CBP Form 7501 and 3461 reference

Note on Sourcing

This session's network policy blocks direct file downloads from external sites (iata.org, cbp.gov, ups.com, fedex.com, etc.). Each reference file above was written from publicly available field/requirement descriptions and links to the official source for the actual fillable PDF — download those yourself from a normal browser to get the real forms to fill in and compare against these checklists.
